Industrial Visit

Department od Computer Science & Engineering

AY 2021-2022

1. Visvesvaraya Industrial & Technological Museum, Bangalore

   Date: March 5, 2022

Students visited the Visvesvaraya Industrial & Technological Museum, where they explored a variety of interactive exhibits that showcased significant technological advancements. The visit provided insights into the history and development of engineering and technology, enhancing the students' understanding of their theoretical knowledge through practical examples.

2. FAB Lab, College of Engineering Trivandrum

Date: June 24, 2022

The FAB Lab visits at the College of Engineering Trivandrum allowed students to engage with cutting-edge tools and technology for fabrication and prototyping. They gained hands-on experience with 3D printing, laser cutting, and other advanced manufacturing techniques, fostering innovation and creativity in their engineering projects.

3. Vikram Sarabhai Space Centre, Thiruvananthapuram

Date: October 7, 2022

At the Vikram Sarabhai Space Centre, students were introduced to the world of space research and satellite technology. The visit included a tour of various facilities and briefings on current projects and missions, providing an in-depth understanding of India's advancements in space exploration and technology.

4. Dr. Kalam Smriti International Museum

Date: October 29, 2022

The visit to the Dr. Kalam Smriti International Museum inspired students with the life and achievements of Dr. A.P.J. Abdul Kalam. Exhibits showcased his contributions to science and technology, along with personal artifacts, motivating students to pursue excellence in their respective fields.
