

## Glimpses of the Inauguration

The official inauguration of the **FOSS CLUB** at **STIST** on **October 3rd, 2023**, and the keynote speaker **Vishal Krishna D S** providing insights into using and building open software. The topic, "**A Beginner's Walkthrough into Using and Building Open Software**," sounds like a great way to introduce members to the world of free and open-source software. The inclusion of a practical and engaging activity like a game of recipe making in an open platform adds a fun and interactive element to the event.
